CRIMPFOX DUO 10

Rotating Crimping pliers for front or side entry

Phoenix Contact continues the expansion of the TOOL fox product line with the release of the Crimpfox DUO 10, rotating crimping pliers for front or side entry. When used with Phoenix Contact ferrules, it offers UL486F with a trapezoidal crimp profile. The rotating ferrule crimper has an open die station for 26 - 8 AWG single wires, or 2x20 - 2x12 AWG twin ferrules. The die can be rotated. This enables either front entry for working inside a cabinet, or side entry for use at a work station. This ergonomically designed tool is of robust, durable construction, and features handles with a non-slip pressure pad.

Description	PART#	List	Stock
