Lockout Tagout

Cable lockouts – GREAT VERSATILITY!

Cable lockouts provide a number of advantages. Because of their construction, cable lockouts can be used in a variety of applications locking out multiple disconnects and valves. They are also a great option for lockout of unusual energy isolating devices that cannot be effectively locked out by a traditional device. This versatility combined with ultimate portability makes cable lockout devices a great addition to any lockout tagout program.

NEW!

SAFELEX™ Universal Cable Lockout

- Integrated hasp and cable provides simple way to lockout multiple energy isolation points
