

Foam Swabs

2309, 2311

Introduction

All foam swabs are 100 pores per inch reticulated polyurethane foam, which ensure excellent absorbency while minimizing contamination. Affixing tip by heat seal prevents tip loss even while saturated with solvent. Flexible tips provide versatility, while rigid heads allow for more aggressive cleaning.

Chemical Components

This product does not contain any hazardous ingredients as per OSHA 29 CFR 1910.1200 Subpt.(z).

Environmental Policy

Techspray® is committed to developing products to ensure a safer and cleaner environment. We will continue to meet and sustain the regulations of all federal, state and local government agencies.

Packaging and Availability

Foam Swabs are available in the following sizes:

2309-50	2309-1000
2311-50	2311-1000
