

ROLINE Keystone Jack, Cat.6A, RJ-45, STP, tool-free, silver

Product No.	26.11.0367
Manufacturer	ROLINE
Manufacturer No.	26.11.0367
EAN (single piece)	7611990198498

Keystone in proven ROLINE quality!

- The ROLINE Cat.6A Keystones are ideal for use in Gigabit Ethernet networks. They support data transfer rates up to 10 Gbit/s with a bandwidth of 500 MHz.
- Connect the cable to the Keystones via LSA connections without special tools - place the cable ends simply into the guides (with color coding), close and compress the module - the connection is ready for use.
- The Keystone modules can be "latched" into a 19" module support rack, which is optionally available in black (26.11.00360) or light gray (26.11.0359). Or in combination with a module receptacle (25.16.8579) you can realise a junction box.
- The Keystones are coded according to EIA/TIA 568.

Technical specifications

Manufacturer	ROLINE
Product group	Connection technology TP
Product type	RJ45 Keystone Jack

Colour	silver
Shield type	Screened
Transfer quality	Cat6A / Class EA
Assembly cable connection	Krone LSPlus
Assignment	EIA/TIA 568A & 568B
Connection direction	Straight
