

20W Outdoor LED Flood Light with Motion Sensor

pro-ELEC

Specifications

IP Rating : IP44
Voltage Rating : 120V ~ 60Hz

This appliance is only suitable for fixed mounting. Suitable for indoor or outdoor use. The floodlight may not be used on a mast(pole). Can be installed onto fence, wall of the door, warehouse, shop or similar places. Before mounting this LED flood light ensure that the mains voltage is switched off. Should keep a reasonable distance from lighted objects when using. Try to avoid use the flooding to point downwards or gradients, but can adjust to a reasonable small angle.

To fix the floodlight onto normal project surfaces follow the instruction:

- Do not mount the project onto the ceiling.
- Use the lamp with the supplied cable/plug, and grommet to ensure that the lamp stay waterproof
- If cable damaged, please change cable according.
- Connect the yellow/green conductor of the connection supply cable with the connection block marked with the earth symbol
- Never attempt to change LED bulbs and inner parts unless a professional electronic engineer.
- Replace the protection glass immediately if break.
