

## 3720-TB

Easy installation. High mechanical stability (high retention). Inner polyamide sleeve for protection of conductors.

**Catalog Number:** 3720-TB  
**EAN Number:** 05414363101888  
**UPC Number:** 78621003720  
**Description:** Standard straight fitting, for TYPEA smooth outer surface conduit of 16 mm, NPT 1/2" thread, Galvanised steel chromate finish

### Technical Information

For Conduit Type	flexible non-metallic liquidtight conduit - TYPEA
Type	Standard
Style	straight
Material	Galvanised steel chromate finish
Insulation Material	Polyamide
Sealing Ring Material	Polyamide
Colour	metallic
System IP Rating	IP66

### Ordering Information

For Nominal Conduit Size (inch)	3/8
For Nominal Metric Conduit Size (mm)	16
Thread Type	NPT
Thread Size	1/2"
Supplied with	locknut and sealing washer
A (mm)	29.4
B (mm)	51
C (mm)	12
Quantity (pieces)	25
Weight (kg/100)	8.2
