Description

These switches sense a change in the pressure, opening or closing an electrical circuit when the designated set point is reached. Honeywell S&C offers an impressive line of standard products, but our engineering expertise and understanding afford us the ability to modify existing parts or create an original component per a customer's specifications.

Product Features

Features

- ? Stands up to extended duty applications
- ? Factory set, capable of field adjustment
- ? Direct acting blade- gold-plated contacts
- ? No dead band
- ? Kapton diaphragm for compatibility with a variety of fluids
- ? Various electrical connections and terminations
- ? Optional rubber boot

Potential Applications

Potential Applications

- ? Engine transmission
- ? Hydraulics and brakes
- ? Power steering
- ? Fuel pressure
- ? ABS brakes
- ? Cruise control
- ? Oxygen concentrators
- ? Dental air
- ? Embalming equipment
- ? Generators/compressors
- ? Pool/spa water pressure
