$9

🔍

| Description | Supported Devices | Related Document | What's in the Box |

The Routing card requires a Socket card and a STK600 motherboard to support the selected device.

Please note that although care has been taken in the degree of relevancy, pictures are for display purposes only, and product appearance may differ from what you see. If there are any discrepancies between the product headline, description and picture, the correct information will be in the product headline (i.e. computer systems may not come with monitors even if pictured that way). If anything is unclear, please email support before placing your order.
