

**Test Leads**

**Banana and Pin Test Leads**

Type BU-2020 stackable single banana plugs both ends. BU-2030 insulated alligator clip to stackable banana plug. BU-2031 stackable single banana plug to insulated mini-alligator clip. BU-2929 "Ultra-Flex" test leads are laboratory-grade for superior performance and longer life. BU-4444 stackable 0.080" pin plug both ends. BU-5656-B insulated BNC male both ends, black only. BU-5659-B insulated BNC male to BNC female, black only. BU-7070 stackable double banana plugs both ends. Type BU-8080-E series are patch cords for PC boards with 0.025" (0.635 mm) square pins

**Alligator Clip Test Leads**

Type BU-3030 insulated alligator clip both ends. Type BU-3070 insulated alligator clips, positive and negative with 3" (76.2 mm) and 8" (203.2 mm), respectively lead wires with molded Y-block to stackable double banana plug. Type BU-3131 insulated mini-alligator clip, both ends. Type BU-3180 insulated mini-alligator clip to 0.025" (0.625 mm) square pin receptacle. Type BU-5030 insulated alligator clips, positive and negative with 3" (76.2 mm) and 8" (203.2 mm), respectively lead wires with molded Y-block to BNC male. Type BU-5031 insulated mini-alligator clips, positive and negative with 3" (76.2 mm) and 8" (203.2 mm), respectively lead wires with molded Y-block to BNC male.

**BNC Breakouts Cable Assemblies**

Series 5100 BNC Male Breakouts and Series 5200 BNC Female Breakouts feature tarnish resistant plated brass body, gold-plated center contact. Types BU-5100 and BU-5200 are BNC Male/Female to tinned end wires. Types BU-5114 and BU-5214 are BNC Male/Female to grabber clips. Types BU-5120 and BU-5220 feature BNC to banana plugs. Types BU-5131 and BU-5231 are BNC Male/Female to insulated alligator clips. Types BU-5144 and BU-5244 feature BNC to 0.080" pins. All breakouts are 4' long. Wires and terminations are color coded red and black for easy identification.

**SMD Cable Assemblies**

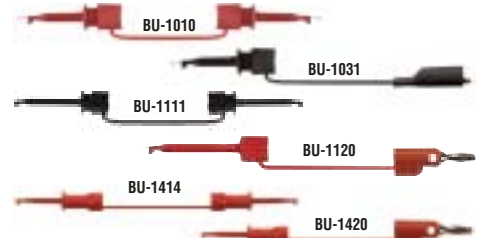

**SMD Breakouts**

Type BU-1150 positive and negative with 3" and 8" leads with molded "Y" block to BNC male. Type BU-1170 positive and negative with 3" and 8" lead wires with molded "Y" block to stackable double banana plug. Type BU-7014 breakout from double banana plug to two grabber clips. Type BU-7020 breakout from double banana plug to two banana plugs. Type BU-7031 breakout from double banana plug to two insulated alligator clips. Type BU-7044 breakout from double banana plug to two 0.080" pins.

**SMD Test Leads**

Type BU-1010 test leads make difficult IC connections fast and easy. Spring-loaded beryllium copper conductor attaches to component leads and terminals. Type BU-1031 test clip to insulated mini-alligator clip. Type BU-1111, mini-plunger clip. Type BU-1120 attaches to delicate component leads and terminals. Stackable banana plug terminates the other end of test lead. Type BU-1414 to 0.025" (0.635 mm) diameter and smaller leads. Type BU-1420 to stackable banana plug. Type BU-1449 to tinned end wire.
