

BU-P6713

(F Connector Adapter)

- BU-P6713 is an adapter that turns a standard male threaded F-Connector into a male “push-on” connector. The adapter still mounts to the same female F-Connector, but now there is no threading. Just push it on.
- Impedance: 75Ω
- Frequency: DC to 500 MHz
- Voltage: 500 V Peak Maximum
- Insertions: 500 times Minimum
- The Overall Length: .94” (24mm)
- Material: nickel plated brass
- RoHS Compliant
