

Digital Clamp Meter, AC Auto-Ranging, 600A

Cat. No. CL700

Product Features

- ▶ Automatically ranging true mean squared (TRMS) technology for increased accuracy
- ▶ Clamp measures AC current and thermocouple probe measure temperature
- ▶ Test leads measure AC/DC voltage, resistance, continuity, frequency and capacitance and tests diodes
- ▶ Low Impedance (LoZ) mode for identifying and eliminating ghost or stray voltages
- ▶ CAT IV 600V, CAT III 1000V, Class 2, Double insulation safety rating
- ▶ Built to withstand a 6.6 ft. (2 m) drop
- ▶ Low battery indicator and easily accessible battery compartment
- ▶ Includes a carrying pouch, test leads, thermocouple with adapter and batteries
- ▶ Meets requirements for use in basic and controlled electromagnetic environments like residential, office and light-industrial locations
- ▶ Operating Temperature: 32°F to 104°F (0°C to 40°C)
- ▶ Operating altitude to 6,562 ft (2,000 m)

Application:

Measures AC Current

Dimensions:

9.09" x 3.82" x 1.54"

Height:

9.09" (231 mm)

Ingress Protection:

IP40

Special Features:

Features Low Battery Indicator

Width:

3.82" (97 mm)

Batteries:

2 x AAA

Drop Protection:

6.6 ft. (2 m)

Included Accessories:

Test Leads, Batteries, Case, Thermocouple

Safety Rating:

CAT IV 600V

Weight (oz.):

11.8 (335 grams)
