# Standard Pluggable PCB Terminal Block Header

The CPM family of printed circuit board headers is used with the CPF and MRT3 pluggable terminal blocks. The CPM is available in both a vertical and 90 degree version and with either open or closed ends. A feature of the CPM header is the molded-in polarization that insures proper mating of the plug. The CPM headers are available in 2 to 24 positions and have a UL rating of 12 amps, 300 volts. The standard color is green, however other colors are available upon request.
