

Plastic Boxes

DIN Rail Mount Multi-Board Box

DMB Plastic PC mount terminal boxes with DIN rail mounting and snap-in multiple board capacity with easy access to board terminals.

PCB (DMB-477x-CB) and Terminal connectors (DMB-4770-T3) available for rear board location (A) please refer to the properties table for PCB selection.

Design Features

- DMB is Durable UL94V-0 rated ABS/PC blend plastic housing
- Suggested service temperature -20C to +70
- Three levels of PC board mounting locations - PC boards not supplied
- Bottom level accepts PC board with modular type terminals on 0.2" centers
- Removable terminal guards have snap-off tabs to match number of terminals used
- Snap-fit design allows tool-less assembly of all parts including PC boards
- Snap-fit front cover is easily removable for machining or silk-screening
- Optional clear and infra red polycarbonate covers available
- Fits standard 35mm DIN rail
- Finish: Light Gray
