Reviews

- The First Electromechanical Crimping Tool with PowerSense Technology which allows you to hold your work during preparation before starting the crimp
- Intelligent Crimping System Technology monitors amp draw for each crimp and provides a visual alert if a crimp does not complete a full cycle
- 90% Hand force reduction
- 65% faster crimping cycle versus ratcheting tool
- 10.8V Li-Ion Battery can perform up to 250 crimps on one battery charge
- LED Battery level indicator allows the user to monitor battery charge so they always know when the battery needs to be recharged
- LED work light allows the user to illuminate their work in dark areas
- When crimping is complete, simply release the trigger to open the jaws for the next crimp
- Overmolded tacky grip area makes gripping the tool easier and more comfortable
