#### **Features**

Positive opening safety contacts Multiple contact configurations Rotating head allows actuator engagement from five orientations Double insulation per IEC 6094-75-1 Choice of two standard actuators Small size

# Global approvals (cULus, CE, CCC)

### Description

The GKE Series safety key-operated switch provides superior reliability for safety hard guarding applications in a compact, costeffective package. The GKE conforms to IEC 609475-1 and carries the cULus, CE, and CCC approvals.

Woodworking machinery Metal converting equipment

Printing/paper finishing equipment
