

# HBL316SSX -- International Shore Power

HBL316SS  
HBL332SS

Hubbell now offers the only CE certified electrical shore power system truly dedicated for boats destined for Europe and the International community. Hubbell's offering of international shore power inlets is available in stylized #316 Type Stainless Steel as well as attractive white non-metallic types resembling our domestic offering in style and appearance-but-are not interchangeable with the domestic shore power system.

Utilizing standard NEMA (National Electrical Manufacturer's Association) configurations not typically used in the marine market, Hubbell can offer a safe and non-interchangeable 16 Amp 230 Volt, 50 cycle system and 32 Amp 230 Volt, 50 cycle system. The system includes white power supply cables (one-end, female only) in both the 16 Amp and 32 Amp categories.

## Product Specifications

Product Type	International Shore Power
Version	Inlet
Rating	16A 230V, 50 Cycle
Housing Type	Rectangular Stainless Steel
Blade Type	Locking
Color	 Metallic
Poles and Wires	2 Pole, 3 Wire Grounding
Approvals	CE
Moisture Resistance	IP56
UPC Number	78358504088
Weight in LBs	1.55
