

CSA Certified:

UL Listed (File #E56854):

- Wide tie body and high tensile strength are ideal for any application
- UV Black Weather Resistant Nylon 6.6 can be used in outdoor applications
- Inline tie design allows parallel-entry of the tie into head resulting in a low profile on cable bundle
- Teeth on full length of body support a wider range of bundle diameters
- IT Ties Outside teeth protect cable jacket and wire insulation
- **HV Ties** Teeth on both sides of cable tie body provide additional surface for locking, enabling tie to conform to irregular bundle shapes while maintaining loop tensile strength
