

**Marker Tape**

**Wire Marker Tape Dispenser**  
Material: GMM I Polyester

**EASY TO USE...**

1. Open cover, pull out desired height of tape
2. Close cover and press firmly to cut tape

**TO RELOAD TAPE...**

1. Open cover, drop in tape

**UNIQUE DESIGN DISPENSER...**

- The tape is cut by depressing the cover and is not torn off by hand. This provides a clean cut-off, with no serrations and ensures better adhesion.
- Holds 10 rolls of tape
- Legend is visible through cover window for fast selection
- Tough polypropylene construction, single piece design

**Each Roll Features**

- Universal spool size makes tape usable in other dispenser systems.
- The tape can be cut to any height so you only use what you actually need.
- Tabbed end at the beginning of the roll for easier starting
