

CNUS CONTINUES Pan-Ty[®] Releasable Cable Ties – Weather Resistant and Heat Stabilized Nylon 6.6

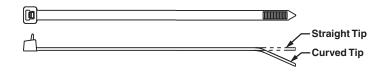

- · Weather resistant material has greater resistance to damage caused by ultraviolet light - indoor or outdoor use
- · Heat stabilized material for high temperature applications up to 239°F (115°C) - indoor use

• Extended release tab permits easy release and re-use where changes are anticipated during development, production, or servicing in the field

- · One-piece construction for consistent performance and reliability · Curved tip is easy to pick up from flat surfaces and allows faster
- initial threading to speed installation

To release, grasp the head of the cable tie, deflect release tab, and pull the cable tie away from the bundle.
