Belden Cable Strip Tools create a perfect cable prep every time.

## Belden Cable Strip Tools: PS59/6/RGB, PSA59/6 and PS11

Prepping Cable has Never Been Easier or More Accurate. Choose from Three Models to Prep RG11 Through RGB/Mini Coaxial Cables.

### Features:

- Patented cable stop for perfect 1/4"-1/4" cable preparation
- No screws, keys or other adjustment pieces to manage
- Integrated rollers ensure the strip tool rolls around the cable to provide a clean, even cut
- Extra replacement blade cartridge is included with every tool purchased
- Lightweight and compact for easy transportation and storage

### PS59/6/RGB Cable Strip Tool:

- Preps RG59, RG6 and RGB/mini coaxial cables
- Includes two replacement blade cartridges:
  - PSC-RGB (RED) cartridge for 22-24 AWG and 25-26 AWG mini coaxial cables
  - PSC59/6/RGB (BLUE) cartridge for RG59/RG6

### PSA59/6 Cable Strip Tool:

- Preps RG59, RG6 and RG58 cable
- The adjustable dial on the tool provides a precise cut on any cable
- Integrated side flaring tool for RG6 cable
- Includes an extra PSCA59/6 replacement blade cartridge

### PS11 Cable Strip Tool:

- Preps RG11 cable
- Heavy duty spring provides resistance against everyday wear and tear
- Offers an easy, consistent, long lasting cable preparation you can depend on
- Includes an extra PSC11 replacement blade cartridge
