

Hubbell Raceway Systems
More Innovation. More Capacity. More Flexibility.

HUBBELL

Nobody delivers like Hubbell Commercial Solutions

The Raceway Story

For well over a century, Hubbell Wiring Systems, including Wiring Device-Kellems and Hubbell Premise Wiring, has continued its tradition of pioneering innovative products and quality solutions for industrial, commercial and institutional applications.

In 1986, Hubbell's commitment to this tradition led to the introduction of PolyTrak®, a line of ground-breaking non-metallic surface raceway that was designed and developed to exceed every customer's expectations.

Listening to and understanding the needs of our customers gave rise to several unique PolyTrak designs that meet virtually every raceway application.

With products like BaseTrak®, Super BaseTrak®, LANTrak®, WallTrak®, PremiseTrak® and PlugTrak®, customers can easily install the right raceway system to provide the proper capacity, bend radius and aesthetically pleasing design for any power, data and telecommunication cable distribution.

Hubbell's innovative tradition continues today with the introduction of a new line of metal raceway. Only Hubbell Wiring Systems could take a familiar, mature product like metal raceway and make it better. How did we do it? We listened to our customers.

Through extensive interviews, in-depth focus groups and state-of-the-art research and development, we have delivered an improved metal raceway product line with all the enhancements and flexibility customers asked for. Technologies like the Hubbell Handi-Screw and

the Hubbell By-Pass divider along with rounded corners, single-seam box construction and enhanced datacom capabilities are just some of the features we incorporated to benefit customers. With maximum functionality, vital capacity, unmatched quality and easy installation, never before has there been a metal raceway like this.

Listening to the customer and developing and implementing innovative products to meet their needs are the fundamental principles that make Hubbell Wiring Systems a respected leader in the electrical and data communications industry. These same principles are the driving force behind the expansion and enhancement of our comprehensive surface raceway product line. That's our story.

HUBBELL Advantage

Best in Class Products

Industry leading datacom capacity and capabilities.

Ease of Installation

Hubbell Handi-Screw speeds installation through easy screw alignment.

Application Solutions

Flexibility to accommodate a wide range of power and datacom applications.

Hubbell Non-Metallic Raceway Product Applications

Catalog Number	Description	Catalog Number	Description
1 PDB12TGD	 Two-Gang Deep Divided Box for WallTrak, LANTrak and PremiseTrak (Latching)	5 PP1IEBC	 Internal Elbow (Base and Cover) for PremiseTrak (Latching)

3 PP1TCBC	 Tee Fitting (Base and Cover) for PremiseTrak (Latching)	7 PS3FCIB3G	 Three-Gang Full Capacity Raised Inline Box Super BaseTrak
4 PDB12LF	 Round Lighting Fixture Box for WallTrak, LANTrak and PremiseTrak (Latching)	8 PS3IEBC	 Internal Elbow (Base and Cover) for Super BaseTrak

Catalog Number	Description
9 PLP1CACF	 Conduit Adapter/Ceiling Fitting for WallTrak, LANTrak and PremiseTrak (Latching)
10 PDB12LPB	 Low Profile Box WallTrak, LANTrak and PremiseTrak (Latching)
11 PL1FEBC	 Flat Elbow (Base and Cover) LANTrak
12 PT156112	 PlugTrak 6 ft. 15 Amp Single Circuit Six Duplex Receptacles 12" Spacing

Catalog Number	Description
13 PB3RED	 Reducer BaseTrak to WallTrak
14 PB3FCIB3G	 Three-Gang Full Capacity Raised Inline Box BaseTrak
15 PB2IND2G	 Two-Gang Inline Flush Box PB2 BaseTrak
16 PB2SPL10 PB2B10	 10 ft. (Split Cover) 10 ft. (Base) PB2 BaseTrak Raceway

Non-Metallic Surface Raceway

Complete Line of Raceway

- PolyTrak Non-Metallic Surface Raceway is a complete system with raceway, fittings, boxes and devices.
- Sizes range from single channel PremiseTrak to three channel Super BaseTrak for all types of surface raceway requirements.
- Single and two channel latching raceways are dual-rated for both power and data applications, reducing inventory requirements.
- UL Listed and CSA Certified to 600 volts.
- Office white color.

Advantage 

Non-Metallic PlugTrak

- Available as hard wired multi-outlet assembly or relocatable power tap.
- Hubbell designed and manufactured 15 or 20 Amp receptacles.
- UL Listed and CSA Certified.
- Office white color.

Hard wired multi-outlet PlugTrak:

- Available in 5 ft. or 6 ft. lengths.
- Available in single, two circuit and is inherently an isolated ground product.
- Multiple spacing configurations.
- Hard wired PlugTrak mates with LANTrak fittings and boxes.

Portable PlugTrak:

- Available in 3 ft. or 5 ft. lengths.
- 6 ft. length 15 or 20 Amp molded cord set allows reliable access.
- Pre-punched holes makes mounting easy.

Advantage 

One Box, Three Systems

- Boxes have three cut-aways that can be utilized with WallTrak, LANTrak and PremiseTrak (Latching) systems.
- Reduces inventory requirements.
- Eliminates need to order three separate boxes.
- Boxes available in low, standard and deep profiles.
- Two-gang divided box available for power, data, voice, audio and video applications.
- Boxes utilize Hubbell KP plates or INFINESTATION™ modules and bezels.

Advantage 

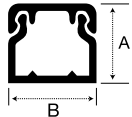

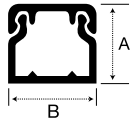

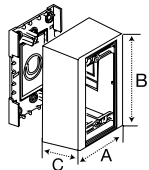

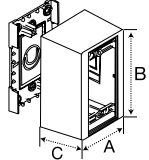

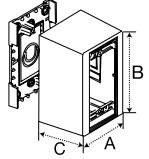

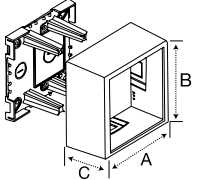

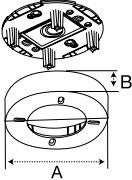

Flush or Full Capacity Boxes

- Super BaseTrak and BaseTrak raceway offer multiple solutions for box installation.
- Super BaseTrak inline three-gang box allows maximum capacity in a flush design.
- Super BaseTrak and BaseTrak available in single, two and three-gang full capacity boxes.
- Three and two channel BaseTrak (PB3 and PB2) available with one and two-gang inline boxes.
- Full capacity in-line boxes eliminate the need to de-rate the wire-fill capacity due to the intrusion of datacom devices into the raceway channel.

Advantage 

PT1 PremiseTrak® (Non-Latching) Non-Metallic Raceway

Raceway		Catalog Number	Length	Color

Nobody delivers like Hubbell Commercial Solutions

Hubbell SystemOne. The only Floor Box and FRPT system that uses common covers for a seamless look.

Hubbell provides a complete offering of Fire-Rated Poke-Throughs including flush, pedestal and Hubbell SystemOne options.

Hubbell provides a full offering of Floor Box products including large capacity and Hubbell SystemOne options.

Hubbell offers a line of raised access floor products for computer room environments.

Hubbell Premise Wiring's full line catalog provides complete information on a wide range of Connectivity Solutions and Fiber System products and services.

Hubbell's full line catalog provides the widest variety of industrial and commercial products available.
