# PUSHBUTTON SWITCHES - ILLUMINATED

## **SPECIFICATIONS**

3A@125 VAC **Contact Rating:** 

1.5A@250 VDC

Life Expectancy (Mechanical): ≥20,000 cycles Life Expectancy (Electrical): ≥6,000 cycles

Insulation Resistance: > 1,000M  $\Omega$ 

Dielectric Strength: > 1,500 volts 1 minute

Operating Temperature: 0°C to +65°C

Storage Temperature: -25°C to +85°C

#### **FEATURES & BENEFITS**

- ► Panel mount
- ► Illuminated
- ► Standard green, red and yellow LED options

#### **APPLICATIONS/MARKETS**

- ► Telecommunications
- Networking
- ► Computers/servers
- ► Performance audio
- ► Instrumentation
- ► Low power on/off designs
- External hard drives and modems

#### **MATERIALS**

Switch Housing:	UL94-HB
-----------------	---------

Terminals: Solder lug, silver-plated

### **HOW TO ORDER**

**Example Ordering Number** 

RP-3508-A-BLK-RED-GRN-N-S

Specifications subject to change without notice.
