

Rotary Coaxial Stripper

Description

A high-quality rotary coaxial cable stripper which is suitable for stripping RG6, RG58 and RG59 cables as well as cable with a diameter between 4mm and 10mm. Simply insert the cable into the tool, swing the tool two or three times around the cable and the outer sheath is stripped and the braid is exposed. The blades can be adjusted to the cable size by inserting an Allen key (supplied) into the built-in hex key and turning clockwise for larger cables and anticlockwise for smaller diameter cables
